It's Hurricane Season, do you have an Evacuation Plan?

Floridians with Disabilities Should Register with their Local Emergency Management Agency

The Emergency and Evacuation Assistance Program (E&EAP) is designed for individuals living at home that need assistance with evacuation. Additionally, the program may also be utilized post disaster to provide other assistance.

It is important that everyone be responsible for their own safety and make a plan that includes where to go, who to contact, what to bring, and how to get there.

Only residents meeting one of the following categories are eligible for assistance from the County: **Do Not wait until an evacuation order is given to request being added to the Registry.**

- Those who require transportation assistance.
- Those whose medical needs prevent them from evacuating on their own.

In order to register, please call E&EAP Hotline (305) 513-7700 or visit website at: <http://www.miamidade.gov/fire/eeap-program-page.asp>
